# Hello BLUEtiful

@BARTENURABLUE

*out of the blue.™*

Brit and Charlie looked happy only a few weeks before their split.

# Britney's Revenge Backfires

BRITNEY SPEARS WAS TRYING TO MAKE EX CHARLIE EBERSOL JEALOUS, BUT HER WOULD-BE BOYTOY BLEW UP HER SPOT!

**E**ver since **Britney Spears'** late-June split from producer **Charlie Ebersol**, it's seemed as though her Instagram account — which has upwards of 4.8 million followers — is being used mainly to send special messages to one specific person: Charlie Ebersol.

It began when the 33-year-old singer went through her feed and carefully expunged all evidence of their ill-fated relationship, deleting every single photo she'd ever posted of her ex-boyfriend, going all the way back to when they started dating last October. The statement made

by that move was no doubt meant to be something along the lines of "Charlie who?" but the effort involved (even if it was likely expended by an

unlucky assistant rather than Britney herself) makes the whole thing skew a tad angrier, a bit more "Charlie, you're dead to me now."

## HELLO "HOTTIE"

Then, on June 21, Britney — who'd decamped to her home state in the wake of the breakup — posted a picture of herself in a yellow bikini top, posing happily with a tank-top-clad apparent boat owner, captioned, "So nice to be home! Nothing like Louisiana boys." The meaning of that was also obvious: "I am hanging out with — and perhaps even hooking up with — someone new."

But, unfortunately, Britney's fame bit her in the behind, as it has so many times before. Reporters quickly tracked down the mysterious, muscle-bound dude, who promptly admitted that he'd never met the pop star prior to that moment. "I was walking down the dock and Britney said, 'Can I take

Britney's been chilling at her sister Jamie Lynn's house...

...visiting with pals...

...and hanging with her parents.

## Home, Alone

Shortly after Charlie dumped her, Britney headed back to her hometown of Kentwood, La., seeking a little Southern comfort. While there, she's been spending time with her family — particularly her sister, **Jamie Lynn** — and old friends, who are no doubt reassuring her that Charlie is a big nobody and that she's better off without him!

a picture with you?" because she liked my shirt," explained Harris Beall, 22. (His shirt? Good cover, Brit.) "I work at a bar down by the river," he added. "Britney and I are not affiliated with each other at all." Ouch.

Now, a source says, poor Britney is superembarrassed that Harris blew up her spot. "She never thought people would find out his identity, or that he would admit that he didn't even know her! She was trying to make Charlie jealous, but now she looks like a fool."

Well, that seems a little harsh. After all, 32-year-old Charlie — who the source says dumped Britney because she was "moving too fast" — appears to be equally guilty of using social media to communicate with his ex. Shortly after their split, he posted shot of himself with a "new 'do," followed by a clip of himself working out shirtless in skintight neon pants. And the day after Britney's "Louisiana boys" salvo, he responded with a short video selfie in which he cuddled a puppy, soundtracked by "You've Got a Friend in Me." The sickly sweet caption read, in part, "I wish for you today, that you find great joy in the joy you spark in others. If nothing else, I hope you're happy just in knowing that you've made me happy." Maybe Britney actually dodged a bullet?

OK!

This Instagram pic is clearly meant to remind Charlie what he's missing.

Holly (here with fellow *Playboy* Bunnies Bridget Marquardt and Kendra in 2007) claims Hef pitted his girlfriends against each other.

"Holly is upset that her 'woe is me' tale is coming back to bite her," says the source. "She knows that Kendra speaking out against her doesn't look good."

Holly wrote the mansion was "cheap" and in "grave disrepair."

# HOLLY HIT WITH BACKLASH

**F**ormer *Girl Next Door* **Holly Madison** is back in the spotlight, thanks to her explosive new memoir, *Down the Rabbit Hole: Curious Adventures and Cautionary Tales of a Former Playboy Bunny*. But while the sordid details from her tell-all have certainly made headlines, not everybody is convinced of her sob story. "Holly should have kept quiet about her past," a source tells *OK!*. "She's forgotten where she came from, and it looks disrespectful."

Among the shocking details in her book, Holly describes her *Playboy* kingpin ex, **Hugh Hefner**, as controlling, manipulative and emotionally abusive. She even writes that the "nightmare" of living in the Playboy Mansion was so traumatizing that at one point she considered suicide. "For the man and company that took her in, built her career and made her a household name, she has very few kind words," shares the insider. "It's shocking."

On June 22, Hef fired back at Holly's charges, accusing his former "number

one" girlfriend of "rewriting history." **Kendra Wilkinson**, whom Holly slams in her book as "the fakest person," also hopped to Hef's defense, calling him an "amazing human being" and accusing her onetime roomie of having an ax to grind. "She wanted Hef's kids, she wanted a piece of *Playboy* and she wanted to marry Hef for, obviously, his will," says Kendra. "That didn't happen. So what do you think's going to result? Revenge." Burn! It doesn't sound like these former friends will be playing nice anytime soon.

# KRIS' REVENGE SLIMDOWN

Kris Jenner is already known for keeping up with her daughters when it comes to staying relevant and desirable, but a source reveals the momager is now working overtime to compete with her ex-hubby as well! "All the jokes about how Caitlyn is hotter than Kris hit her hard," admits the family insider. "Normally Kris is pretty thick-skinned, but she's hit a new low."

Now Kris is throwing all her effort into a complete physical overhaul. On top of weekly visits to the dermatologist and daily trips to her hairstylist, the source says she's putting her health at risk with a no-solids, 1,000-calorie-a-day diet. "She's already lost 14 pounds by living off protein shakes, and she's determined to stick with it until she loses another 20 — which is insane," says the source. "Her kids can see that she's hurting, but there's no talking her out of it. Kris wants to feel hot again, and she's convinced losing a bunch of weight is the only thing that will do it."

"Kris hates how badly she's been portrayed since Caitlyn's big reveal," says the source.

A source says Kris' goal is to reach a size 2: "She wants to share clothes with Kylie."

# WILLIS GIRLS PLOTTING REALITY SHOW

Move over, Kim, Khloé and Kourtney, and make way for the Willis sisters! On the heels of Rumer's *Dancing with the Stars* victory, her sisters Scout and Tallulah are pushing for the trio to get their own reality show. "The girls don't want to live off their parents' success," dishes an insider. "They want to prove they have what it takes in their own right." The sisters have already gained hundreds of thousands of Instagram followers by flaunting their bikini bodies and outrageous style, so they think the natural next step is to take their, er, talents to the small screen. "Even Demi is up for making cameos," says the source. Of course, there's a danger Mom might outshine them!

## REAL HOUSEWIVES

## CAST SHAKE-UPS

"Producers want to bring in new talent and some fresh story lines," says a source.

## RHONYC REVOLVING DOOR

Another one — make that three — bites the dust! Sources tell OK! that **Kristen Taekman** and **Heather Thomson** will not be returning to *The Real Housewives of New York City* next season, and **Carole Radziwill** may be on the chopping block right behind 'em. "Kristen's story line has been way too boring," sniffs an insider. "She didn't bring enough drama to the cast." As for Heather, a second source close to production claims it's clear her Housewife days are numbered. "Producers have edited her to look like the villain this season, and once that happens, it's a telltale sign that you are out," dishes the source. Indeed, former meanie Housewife **Jill Zarin**, who was known for her high-profile feud with **Bethenny Frankel**, was unceremoniously dumped just weeks before she was set to start filming season 5 in 2011. Carole's time in the spotlight may also be running out. "She just hasn't done anything to make this season interesting," says the insider. Note to newbies: Bring your A game or else!

## DENISE REPLACING BRANDI

Back in 2011, when **Denise Richards** was asked whether she'd be interested in joining *The Real Housewives of Beverly Hills*, she told reporters, "Heck yeah, I would!" Four years later, the actress is finally getting her wish. A source reveals that Denise is set to step in for **Brandi Glanville**, who was dropped from the franchise last month. "The contracts haven't been finalized, but it's essentially a done deal," says the insider. Just don't expect everyone to share in Denise's excitement — especially her troubled ex-husband, **Charlie Sheen**. The source claims that his Father's Day Twitter rant, in which he called Denise "the worst mom alive," was about the *RHOBH* deal. "He's having a meltdown about what she'll reveal about him," explains the source. No doubt it will make for great TV!

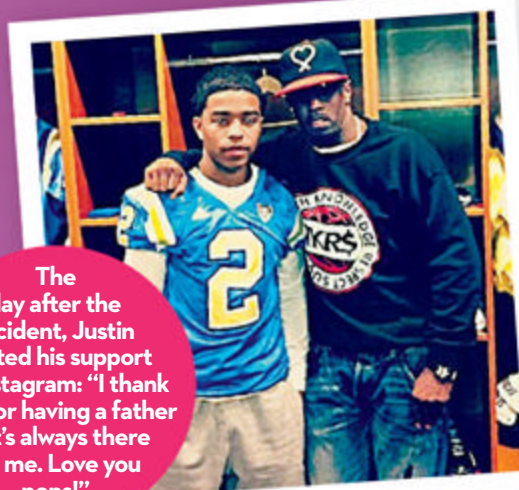

"Charlie doesn't want Denise talking about him," says the source.

## DIDDY'S SHOCKING ARREST

**Sean Combs** changed his name from Puff Daddy to P. Diddy after his 1999 guns and bribery trial, but it seems he retained his fiery temper! The mogul was arrested on June 22 for reportedly attacking his son **Justin's** UCLA football coach with a kettlebell and threatening to blow up the school. While his lawyer called the allegations "wholly inaccurate," a source tells OK! that Diddy lost his cool after hearing **Coach Sal Alosi** had humiliated his son at practice. "Diddy normally keeps a lid on his rage in public, but this time he exploded," shares the insider. Time for another name change?

The day after the incident, Justin posted his support on Instagram: "I thank God for having a father that's always there for me. Love you pops!"

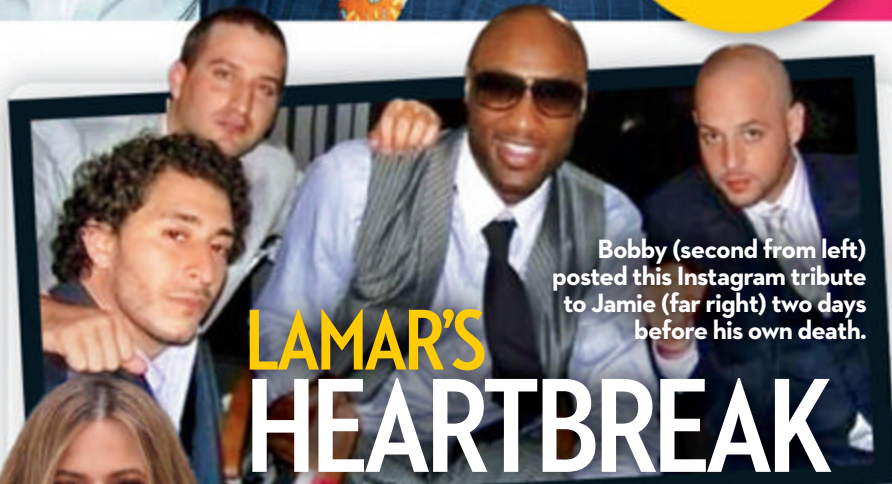

# BRAD'S SECRET LIFT

Turns out even Hollywood heartthrobs have insecurities — and for **Brad Pitt**, it's the fact that he never broke six feet! A source on the set of his new movie — ironically titled *The Big Short* — says the 5'11" actor wears shoe lifts in his scenes with **Christian Bale** and **Ryan Gosling**, even though they're only an inch taller than he is. "Brad hates feeling like he just missed the mark, so he compensates by giving himself a boost," says the source.

This isn't the first time Brad's gotten help in the height department. He also wore lifts for 2011's *Moneyball* so he would tower over costar **Jonah Hill**. "He believes that being tall makes for a striking visual," the source says. Not as striking as your baby blues, Brad!

"Brad only feels comfortable if he's the tallest guy in a movie," says a source. "He even wore lifts to the *Moneyball* premiere!"

Bobby (second from left) posted this Instagram tribute to Jamie (far right) two days before his own death.

# LAMAR'S HEARTBREAK

It's been a tough month for **Lamar Odom**. On June 14 the troubled athlete lost his best friend and *Khloé and Lamar* costar **Jamie Sangouthai** to a bacterial skin infection caused by long-term IV-drug use. Then, just days later, another close pal, producer **Bobby Heyward**, died from a drug overdose. In the wake of the tragedies, an insider says there are major fears that Lamar could relapse — and no one is more concerned than his estranged wife, **Khloé Kardashian**. "She's been calling Lamar nonstop, but he hasn't answered," the source tells OK!. "Khloé knows all about his past drug use, and she's worried that he'll go back to his old ways to deal with the pain. She still cares for him and is terrified he'll be the next tragedy."

# COUP NEW

**H**ard times are getting harder for **LeAnn Rimes** and **Eddie Cibrian**. Following an extended string of financial hits — LeAnn's 2013 album *Spitfire* tanked, their VH1 reality show was one of the network's lowest-rated ever and a former housekeeper sued them for back pay last September — *OK!* has learned the struggling couple could lose their home.

When they found the \$3 million Spanish-style manse in 2012 — in the same Hidden Hills, Calif., community where they were already renting — everything seemed to fall into place, except for one small matter: They couldn't afford the down payment. So, as legal documents obtained by *OK!* reveal, the couple borrowed \$350,000 from their close friends **Dave and Elizabeth Fradin**. An insider explains, "They had \$550,000 for the down payment but only qualified for a \$2.1 million loan."

Now, if LeAnn, 32, and Eddie, 42 — who the insider says are struggling to cover the cost of weekly groceries — can't repay the loan, their pals can foreclose. While the families vacation together and the Fradins' two sons are friends with Eddie's boys, **Mason**, 12, and **Jake**, 8, they clearly haven't forgotten about the money. Dave's company, Majestic Asset Management (he's CFO), reaffirmed the debt in May 2015. The lesson: Never mix business with friendship!

# Miley MOVES ON

In a recent interview, **Miley Cyrus** revealed that she told her mom she “loved girls the same as boys” when she was 14 but hadn’t “brought it into the spotlight” — until now. After months of hanging out and posting Instagram snaps with Victoria’s Secret model **Stella Maxwell** (in March, they attended the South by Southwest music festival, and Stella helped Miley, 22, recuperate from wisdom-tooth surgery), romance rumors started flying when the pair were seen leaving a New York City hotel together on June 20. “They’ve barely spent a night apart in the past month,” says a source, who adds that while Miley wasn’t looking for a relationship following her split from

**Patrick Schwarzenegger**, she’s “smitten.” Stella, 24, recently joked that the pair met through Grindr, the gay and bisexual dating app, before fessing up that Miley’s assistant introduced them. Patrick who?

A source says Miley’s “in lust” with Stella.

## Matthew & Camila ON THE ROCKS?

While **Matthew McConaughey** credits his wife, **Camila Alves**, for inspiring his career revival, he doesn’t want her to have the same success. After her recent hosting gigs on E! and appearances on *Today*, a source says, Matthew, 45, asked Camila, 33, to slow down. “He’d rather she focus on family life,” the source says. The couple’s rep denies it, but the source insists Matthew’s ideas are causing “nonstop fights” that have become so bitter, friends fear a split. “At this point,” the source says, “they have major problems to work through.”

A divorce could see the couple divvying up their \$125 million fortune.

## OK! COUPLES NEWS

Too much too soon? Sources say Mariah and James are talking marriage!

Could **Mariah Carey** be headed for another heartbreak? Right now, things look cozy between the soon-to-be-divorced songbird and **James Packer**, 47, one of the richest men in Australia. But despite his squiring her around the Mediterranean on his yacht — romancing her on the Italian isle of Capri on June 19 and bonding with her twins — friends fear Mariah, 45, is rebounding with the wrong guy. James, who has two ex-wives and a string of ex-girlfriends (most recently **Miranda Kerr**), “gets bored quickly,” says a source. “If Mariah brings any drama, it’ll get old for him fast.” For her part, Mariah loves the fact that he’s got a \$6 billion fortune. “**Nick [Cannon]** spent a lot of her cash,” says the insider. “She loves a guy with money — more than her, even better. Everyone is just hoping James won’t be spending it on another woman next month!”

# Mariah's BILLIONAIRE REBOUND

**Sofia & Joe**

## BABY BATTLE

Looks like the fertility drama isn't over for **Sofia Vergara**. Still in the midst of a lawsuit with her ex **Nick Loeb** over their frozen embryos, Sofia, 42, is now conflicted about having children with fiancé **Joe Manganiello**, 38. **David Arquette**, who stars with Joe in *Pee-Wee's Big Holiday*, dishes to *OK!* that although Joe “really wants to be a family man,” it will take some convincing on his part because “Sofia thinks her health would be problematic if she were to get pregnant again.” Plus an insider says the mother of son Manolo, 22, “is reluctant to start all over with a newborn at her age.”

If Joe can win Sofia over on the subject of kids, says his pal David Arquette, “I know he’d be a great father.”

Brad ditched Gwyn last month, a source says.

## Gwyneth DUMPED

Here's one thing **Gwyneth Paltrow** has in common with **Katy Perry**: They've both been dumped via text message. Katy was married to **Russell Brand** at the time, while Gwyneth, 42, and *Glee* cocreator **Brad Falchuk**, 44, were only dating, but the dis stings nonetheless. “Brad ended it a couple of weeks ago but didn't have the guts to do it in person,” says a source. “He's still attracted to her, but her bossing him around was too emasculating.” Gwyneth, who recently went public with Brad after close to a year together, feels “blindsided and angry,” adds the insider. Definitely an unconscious uncoupling!

## Kourtney & Scott CUSTODY WAR EXPLODES

She's tried everything else to shock him into sobriety, and now **Kourtney Kardashian** is telling **Scott Disick** he may never see his kids again. As *OK!* recently revealed, the couple hit rock bottom when Kourtney, 36, told Scott, 32, she's pregnant with their fourth child, and he promptly ramped up his partying, even cheating with a woman he met in a New York City club. "They had their biggest fight ever," says a source. "Kourtney feels she has no choice but to fight for full custody of the kids, unless he can behave like a real dad." It may all be too little, too late, though: "Realistically, Scott doesn't stand a chance in a custody battle," the source says.

"Kourtney's heartbroken but also very angry," says an insider about Scott's recent scandalous behavior.

## Taylor's NEW LOVE

Life is imitating art for **Taylor Schilling**: On her hit show, *Orange Is the New Black*, the 30-year-old is romancing a woman in prison — and off-screen, she's fallen for *Portlandia* star **Carrie Brownstein**, 40 (who previously dated **St. Vincent**). They film on opposite coasts, but the couple, first spotted together in March in Portland, "text, call and visit whenever they can," says an insider. Taylor has even attended shows by Carrie's band, Sleater-Kinney, in cities as far away as Glasgow, Scotland, tweeting her appreciation. "She loves everything about Carrie," adds the source. "It's rare to find someone special in this business. They're doing everything they can to keep the spark alive!"

"This could be the real deal," says a source about the actresses' relationship.

# MILA + ASHTON TWINSON THE WAY!

*Just eight months after welcoming Wyatt, Mila Kunis and Ashton Kutcher are expecting again*

**S**o far, **Mila Kunis** has refused to publicly confirm whether she and **Ashton Kutcher** are officially married, short of a bashful “maybe” and a flash of what appears to be a wedding ring. But she’s been far less shy about sharing the myriad ways in which motherhood has transformed her since she gave birth to daughter Wyatt last fall. “It’s the most life-changing experience you can have, in my opinion,” she raved during a recent interview. “Everything changes... the amount of love that you

have, the type of love that you have, the way you look at the world.”

“Mila and Ashton love being a mom and a dad,” an insider says. “They will gush about it for hours.” In fact, the 31-year-old actress and her partner, 37, have been enjoying parenthood so much that they are

**It’s early, but given her recent pregnancy and the fact that she’s carrying twins, Mila’s lucky her bump’s not bigger!**

Happy days: Mila and Ashton have two big reasons to smile.

“AT THIS POINT, MILA’S PREGNANCY IS PRETTY MUCH AN OPEN SECRET”

doubling down on the experience — literally. The insider reveals that the couple’s inner circle are absolutely certain that they’re expecting again — and that this time, it’s twins!

**CLUES ABOUND**

“There have been so many hints,” the insider says. “Mila is tired all the time now, for one thing. And she gets hungry really quickly, and if she doesn’t eat right at that moment, she gets supercrabby.

She’s still eating healthy foods, like chicken and vegetables, but it’s clear that her cravings have hit full force — the other day, she was eating a burger while pushing the baby carriage!”

Furthermore, the insider notes, Mila has ditched the “crazy workouts” that helped her get red-carpet ready in time for the February premiere of *Jupiter Ascending*. “And she’s once again not drinking any alcohol at all, not even wine or beer. Instead,

Luckily, Ashton and Mila’s \$10 million Beverly Hills home has plenty of room for their growing brood.

**Cravings:** Hungry Mila was spotted eating a hamburger on the go (with Wyatt, Ashton and a friend).

A source says Jessica Biel and Justin Timberlake — Mila's costar in *Friends With Benefits* — are "frontrunners" for godparent duties.

she's sticking with tea and sparkling water. But when her friends ask her why she's not drinking, she just responds with a grin."

The secrecy, even with intimates, is standard operating procedure for the notoriously private couple, the insider explains. "This is exactly what happened when they were expecting Wyatt: They didn't make an announcement to friends and family. But it's pretty obvious to everyone what's going on!"

## FAREWELL, WEIRDOS!

Mila's baby news was a bright spot in an otherwise dark spring: Not only did her stalker escape from a mental institution where he was being held, she was sued by a supposed childhood pal from the Ukraine, who accused Mila of stealing her pet chicken.

Happily, though, the fame-hungry "friend" (left) dropped her suit, the stalker was recaptured and Mila even dodged *Ted 2* — whew!

Ashton says his twin, Michael (left), is his "best friend."

## TWINNING!

Ashton grew up with a twin brother, Michael, now a salesman and motivational speaker, and he's long hoped for twins of his own. "He's always talked about how great it would be," an insider says. "He's eager for boys."

## PERFECT TIMING

Given that they welcomed Wyatt less than a year ago, some might assume that the pregnancy was an accident. Not so, says the insider. "They think that three kids is the ideal number, and they like the idea of having them quickly, rather than waiting years to get pregnant again." So the fact that it's twins was a very welcome surprise.

As to the babies' sex, a source says Mila's OB/GYN immediately offered to tell the couple at a recent ultrasound, but they declined. Still, they suspect they're having boys because of "how quickly and definitively the doctor seemed to know," the source says.

Sounds like they'll have their hands full, but they'll have plenty of help from Mila's parents: "We're very lucky that they live down the street," she's said, "so we put the baby down and have them watch the monitor." Adds the insider, "It's a perfect arrangement," and will help them to continue to focus on their relationship

even as they grow their family."

The timing also works well for their careers. At this point, Mila says she's a "stay-at-home mom." As she's explained, "I have no desire to be in front of the camera [right now]." So it makes sense to get pregnant again and get what some call "the baby years" over with. Meanwhile, Ashton's working on a new Netflix show, which should leave him more time for Mila and the children than a movie would.

## JOY, MULTIPLIED

Mainly, though, they're just flat-out excited to be having more kids. "Wyatt is truly the best thing that ever happened to them," the insider says.

Mila herself has said as much. "I love being pregnant, and I love being a mom," she recently proclaimed. "I really do." And it seems that Ashton is equally enthused. "It's unbelievable," he says, referring to both parenthood and his partner. "I'm really lucky." **OK!**

# BEN'S SECRET DOUBLE LIFE

It's not the Batcave, but for **Ben Affleck**, it's been the next best thing. For more than a year, sources say, the new Batman has maintained a secret apartment in Brentwood, Calif., fewer than five miles from the compound in Pacific Palisades that he's shared with his wife of 10 years, **Jennifer Garner**, and their three children — and what goes on there is anybody's guess.

"He crashes there when Jennifer is out of town," says an insider. Up till now, she's been in the dark — but as the couple head toward divorce, news of this hideaway is sure to make a sad situation much messier.

"They're pretending the split is amicable, but it's turning nasty very quickly," adds the insider. "Jennifer's smile looks plastered on lately. And when she finds out about the apartment and what goes on there, there won't be any more smiling."

## LIVING A LIE

Though the couple have been at odds for a while — with Ben, 42, staying at hotels or his best friend **Matt Damon's** house when he wants to steer clear of 43-year-old Jen — the actor has gone to great lengths to ensure that his secret pad remained a secret. "He has to be hiding this property well, because rent in the building can go as high as \$6,000 a month," says the insider. "It's amazing Jennifer hasn't asked where that kind of money has gone."

Eyewitnesses have seen Ben coming and going "at least half a dozen times," says another source, but thus far he's managed to escape the paparazzi's notice with a routine worthy of a master spy. "He goes there at odd hours and is always careful to be alone near the building," the source says. "He has been seen multiple times at the gas station around the corner, but if he suspects a photographer is following him, he either poses for a shot, hoping he'll then be left alone, or does a quick 180 and switches directions."

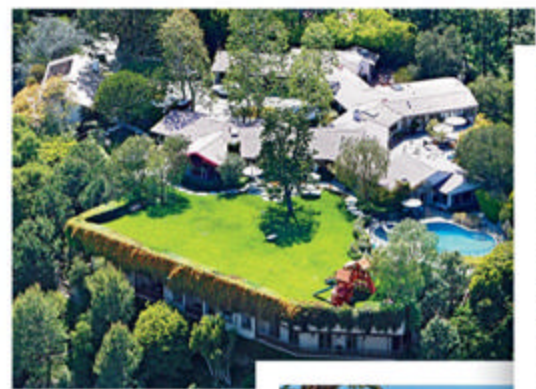

## BACHELOR DAD

It's all part of a pattern of behavior that friends hoped Ben had left behind when he married Jen. "He's already living like a bachelor again," notes the insider. "He's gone back to

**Ben Affleck** has been sneaking out to his own private hideaway for months. Could it be the final blow to his and **Jennifer Garner's** crumbling marriage?

**MOTHER LOAD**  
"Jennifer is doing everything she can to put on a brave face," a source says.

## HOME ALONE

Movers were spotted at the couple's home (above) on June 20, and although the spin is they're "renovating," sources say Ben and Jen have already separated.

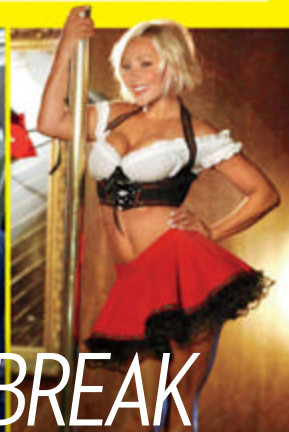

“  
BEN IS  
ALREADY  
LIVING  
LIKE A  
BACHELOR  
AGAIN”

**SINGLE LIFE**  
Unbeknownst to Jen, sources say, Ben's had an apartment in this building for more than a year.

## HARD HABITS TO BREAK

Ben just can't quit his vices. Last fall in Detroit, he gambled \$30,000 at blackjack (left), despite being banned from the Hard Rock Hotel & Casino in Vegas the previous April for his skill at counting cards ("If I'm going to do something, I'm going to try to do it really well," he's said of that incident). He's also been unable to stop smoking, and regarding his womanizing, Tammy Morris (right), who claims she hooked up with Ben in 2003, says, "Once a cheater, always a cheater."

his old habits: drinking, gambling, shady behavior. For years, Jennifer had him on the straight and narrow, but he's been putting on a façade for months."

Now that the façade has crumbled, the couple's children, **Violet**, 9, **Seraphina**, 6, and **Samuel**, 3, are caught in the middle. "As much as Ben loves his kids, looking after them 24/7 doesn't fit in with the single life he's been missing," says a source. Indeed, in May, while Jen was in Montreal filming, Ben was spotted playing high-stakes poker in Las Vegas, shirking daddy duty and leaving the kids in the care of a nanny.

### NO TURNING BACK

Rumors of Ben's cheating have circulated for ages, going back to his engagement to **Jennifer Lopez** in 2003 — when stripper Tammy Morris says she hooked up with him in Vancouver — and continuing during his marriage with reports of flirtations with **Blake Lively**, **Emily Ratajkowski** and **Anna Kendrick** (his costars in *The Town*, *Gone Girl* and the upcoming *The Accountant*).

But the revelation of Ben's

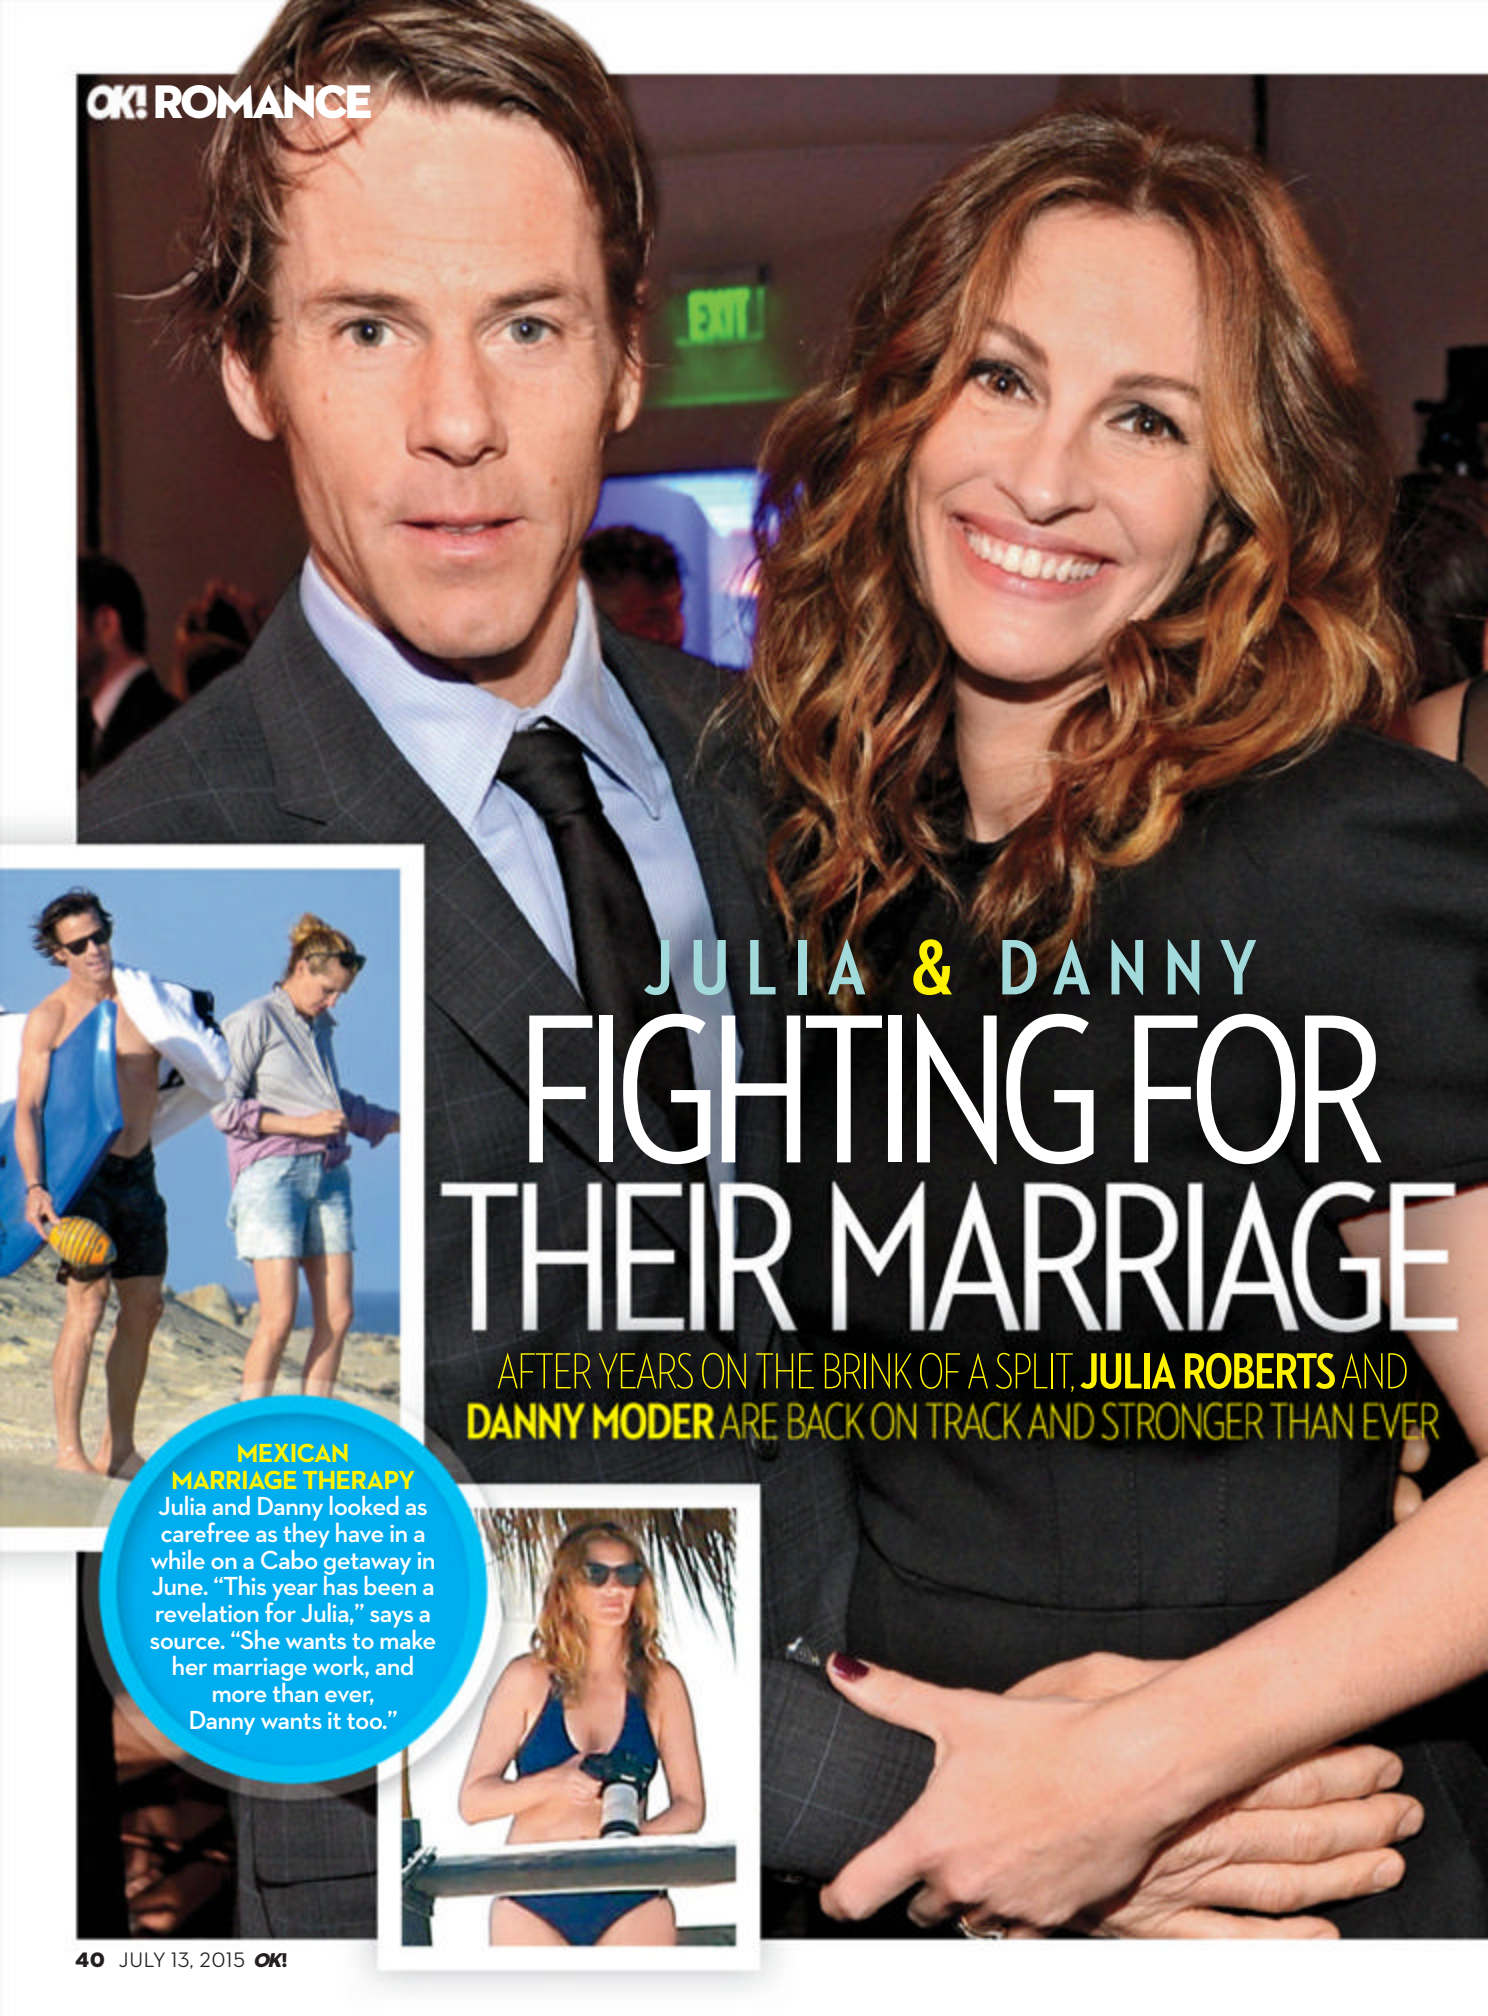

extramarital apartment will be impossible for Jen to ignore. "It could be the very last straw in any attempt for them to part on mildly good terms," notes the insider. With a combined \$125 million fortune at stake, "Ben's actions won't help him in the divorce. He's giving her the ammunition she needs to destroy him."

Not that Jen is out for revenge at this point; her main concern is their kids, which is why she's been working overtime to present a united family front in recent weeks (see: photo ops at farmers' markets in L.A.). "She'll be devastated by this turn of events, but it will no longer break her heart," says the source. "She just wants to protect her children now."

With divorce looming, Jen has to admit that "Ben is no longer the man she married," adds the insider. "She knew he had a wild past, but she can barely look at him anymore. Every week it seems she finds out about another secret he's been hiding. The end can't come soon enough for her. She says she needs a clean break."

# JULIA & DANNY FIGHTING FOR THEIR MARRIAGE

AFTER YEARS ON THE BRINK OF A SPLIT, **JULIA ROBERTS** AND **DANNY MODER** ARE BACK ON TRACK AND STRONGER THAN EVER

## MEXICAN MARRIAGE THERAPY

Julia and Danny looked as carefree as they have in a while on a Cabo getaway in June. "This year has been a revelation for Julia," says a source. "She wants to make her marriage work, and more than ever, Danny wants it too."

# THE ROAD BACK

Once considered America's unequivocal sweetheart, Julia's enjoyed uninterrupted movie-star success — reportedly a source of conflict in her marriage with Danny. A source says her decision to recruit her hubby as cinematographer on her new film, *Secret in Their Eyes*, was “her way of saying sorry. For years, she'd made Danny feel as though this wasn't an equal partnership — she'd make the movies while he watched the kids. But this was her way of making amends.”

Julia and Danny steal a kiss on the set of *Secret in Their Eyes* (right), costarring Nicole Kidman and Chiwetel Ejiofor (above).

Call it Lucky 13: As **Julia Roberts** and **Danny Moder** prepare to celebrate their 13th wedding anniversary, on July 4, sources say their once fraught marriage has turned a corner. “Things are looking up for Julia and Danny,” says a family friend. “Their marriage is going to make it.”

## A LONG CLIMB

Though Julia costarred with heartthrob **Brad Pitt** in the 2001 film *The Mexican*, she had eyes only for Danny, the film's cinematographer. By 2002, Julia, 47, and Danny, 46, were married and on their way to power-coupledom; twins Hazel and Phinnaeus, 10, and son Henry, 8, helped complete their picture-perfect Hollywood family.

But in the past year, rumors swirled about trouble in paradise:

Julia's career had long taken top billing, and Danny's ambitions to film bigger and more meaningful movies were reportedly shot down.

Julia hit a patch of personal turmoil when her half sister, **Nancy Motes**, committed suicide last year; and in February, her mom, **Betty Lou Bredemus**, lost her battle with lung cancer. But while Julia was grieving, Danny was photographed surfing in Malibu — not exactly the picture of unwavering moral support.

“He should have been there for her, but it was such a difficult period,” says an insider. “Julia was of course distraught, but things had been so bad for so long, Danny didn't know how to support her. He thought it was better if he stayed away.”

But sources say that following her deluge of grief, Julia — who's been known to be tough and exacting — underwent a shift in perspective. “It was a turning point,” says an insider. “Things were still tense with Danny when she went to bury her mom, but watching her loved ones lose their lives definitely had a huge impact on her. She realized how difficult she's been at times, and even admitting that to Danny was a huge step.”

The whole fam showed up for Phinnaeus' baseball game in May.

## ON THE MEND

In a gesture of good faith, the couple took off in late June for a luxury Mexican vacation in Cabo San Lucas, where

a bikini-clad Julia lovingly looked on as Danny boogie-boarded in the surf.

“The getaway is exactly what they needed,” says an insider, who adds that Julia and Danny have wanted to work on their relationship for years and have reportedly tried couples therapy. “The love has always been there,” says the source. “It had just been buried so deep, neither of them thought they'd find it again.”

As it turns out, some south-of-the-border sunshine in an exclusive

Julia gets a comforting hug from a friend following her mom's passing this year.

## A PAINFUL YEAR

While Julia was weathering a stretch of family heartbreak, sources say she got an eye-opening reality check about the importance of family. “Being at the intimate memorial services brought a lot home to her,” says an insider. “It helped her see what matters.”

locale frequented by A-listers is just what the relationship doctor ordered. “This vacation has been an absolute dream for them,” says a source. “Julia is a different person — she's relaxed. She's the woman Danny fell in love with.”

The source adds that Julia's biggest takeaway from the past year has been to never again take her hubby for granted: “Danny's been there through thick and thin. Julia doesn't know where she'd be without him.”

OK!

In a recent blog post by Real Housewife of New York City **Bethenny Frankel** — who returned to the Bravo show this year after three seasons away — she wrote, “It isn’t an episode if I’m not crying.... Thankfully this is the last tear of mine this season.”

But while the Skinnygirl empress, 44, may be done shedding tears on camera, sources say her real life is a constant stream of anxious freak-outs. “She’s having a breakdown,” says a close insider. “She’s feeling really bad about her life. It’s very sad. She’s emotionally stressed, and she needs to chill out before things get worse.”

### THE GREAT DECLINE

When Bethenny first joined *RHONYC* in 2008, she was a levelheaded jolt of comic relief, with the perspective and wherewithal to call out her antics-prone castmates. But that was then. Since her departure in 2010, when it seemed she was on to bigger and better things (she later admitted she’d felt “embarrassed” to be a Housewife), Bethenny has enjoyed some very high highs, followed by some equally low lows.

Her 2010 marriage to **Jason Hoppy**

## BETHENNY'S

# NERVOUS BREAKDOWN

ONCE *THE REAL HOUSEWIVES OF NEW YORK CITY*'S TOUGHEST COOKIE, BETHENNY FRANKEL IS SUCCUMBING TO THE STRESS OF HER NASTY DIVORCE, BUSINESS WOES AND RETURN TO THE SHOW

ended not just in divorce but in a knock-down, drag-out war over real estate, money and custody of their daughter Bryn, 5. After having paraded her marriage all over reality TV with the shows *Bethenny Getting Married?* and *Bethenny Ever After*, she seemed especially deflated.

Her talk show, *Bethenny*, lasted just one season — and though she made a killing with *Skinnygirl*, reportedly selling the low-cal booze brand for upwards of \$100 million, she returned to *RHONYC* a frail mess, as though she were destitute: crying over exorbitant legal fees and an unsettled pattern of hotel-hopping after Jason refused to vacate their TriBeCa property. She was also devastated by the new normal of split visitations with Bryn.

Though she tried to make a seamless return to the show, her levelheaded observer character had been replaced by a ball of frayed nerves. As castmate **Carole Radziwill** put it, “Bethenny has two speeds: wound tighter than a top and crying. You’re never quite sure which one you’re going to get.”

Says a friend, “The added pressures of being with the women on the show make it worse. She’s around women who thrive on and instigate drama.

She’s trying to play Superwoman, but inside she feels like a failure, and it’s all too much.”

### FEARS FOR TEARS

Bethenny may be flanked by type A women, but insiders say she’s lacking for true confidantes. “She doesn’t have that many friends,” says the insider. “The few she does have are all on her payroll.”

And though she could use some comfort, a source says Bethenny’s shut herself off to any offers of moral support. “She has a wall up,” says the source. “She doesn’t want anyone involved in her problems.”

Her desire to handle her issues alone — even while publicly breaking down — has been a major *RHONYC* theme this year, as she’s vacillated between being MIA when the girls get together and showing up but disintegrating into tears.

According to Dr. Karen Ruskin, a psychologist and licensed marriage and family therapist who has not treated Bethenny, such behavior indicates that she could be suffering from depression.

“Common symptoms include not participating in activities you normally used to find interesting and isolating yourself,” Dr. Ruskin says. “Tears can be part of it.”

“Bethenny’s reached her breaking point,” says the insider. “Hopefully she can find balance — but she might find it hard to live any other way. She seems to be drawn to craziness.”

OK!

### PUBLIC FRENEMIES

Bethenny did not go gently into *RHONYC*’s seventh season, to the dismay of cast members **Heather Thomson** and **Kristen Taekman**, who were eager to befriend her — but got shut out at every turn. “Get off my junk!” Bethenny said of Heather’s attempts to inquire into her life. About Kristen, she blogged, “Here is my advice: You do you, and I’ll do me.”

## CUE THE WATERWORKS

BETHENNY’S SHED MORE THAN A FEW TEARS SO FAR THIS SEASON

### AT THE FURNITURE STORE

While perusing couches, Bethenny chose one for an all-out tearfest over her limited visitation with Bryn.

### AT HER THERAPIST’S OFFICE

Bethenny let cameras film an emotional scene where she discussed her still-raw relationship with her stepdad.

### AT A DINNER PARTY

With the cast in the Berkshires, Bethenny snapped at Heather for offering to accommodate her dietary needs.

### AT A PHOTO SHOOT

When Kristen asked Bethenny about her vacation availability, she was instantly in tears at the thought of leaving Bryn.

# KSENIA SOLO'S SALMON BISQUE

SERVES: 8  
TOTAL TIME:  
45 MIN.

SKILL LEVEL

For some people, nothing says summer like clam chowder or lobster bisque. But **Ksenia Solo** loves to put a twist on seafood soup by using a less-common ingredient: salmon. “I adore this salmon bisque,” says the actress, a Latvia native who stars as Shay Davydov on BBC America’s *Orphan Black*. “I never liked fish soup until I tried this one. Now I’m hooked.”

PHOTOGRAPHY: FOOD STYLING AND PROP STYLING: JASON

## Ingredients

- 1 medium onion
- 1 large carrot
- 3 medium potatoes
- 4 tomatoes
- 3 tbsp. olive oil
- 1 tsp. salt (add more as desired)
- 1 1/2 lbs. boneless salmon fillet without skin
- 2 cups light cream
- 1/4 cup dill
- 1/4 cup parsley

## Directions

1. Chop onion, grate carrot and cut potatoes into small squares.
2. Wash tomatoes and place in ceramic bowl.
3. Pour 16 oz. boiling water into bowl over tomatoes. Let tomatoes sit in water 3 minutes, then remove and peel off skin. Cut skinless tomatoes into little pieces.
4. Place large saucepan over medium-high heat. Pour olive oil into pan and allow oil to warm up. Add onion and let simmer until golden, then add grated carrot and tomatoes. Mix all ingredients together and let cook 3 minutes; transfer mixture into large pot. Pour 12 cups

cold water into pot and stir. Place pot over medium-high heat. Add salt to taste, using a minimum of 1 tsp. When water comes to boil, add potatoes. Let boil 5 to 7 minutes.

5. While water is boiling, take salmon fillets out of the refrigerator and cut into 1-inch cubes, carefully removing any bones.

6. Reduce heat to low and mash potatoes in the pot with a potato masher. Then add salmon and cream, bringing heat back to medium-high. Let mixture cook 7 minutes.

7. Serve the salmon bisque in bowls topped generously with chopped dill and parsley as garnish.

## THE PERFECT FIT

**SARAH JESSICA PARKER**  
MAKES JORDACHE JEANS  
LOOK BETTER THAN EVER

**H**old your horses! Following in the footsteps of **Elizabeth Hurley** and **Heidi Klum**, **Sarah Jessica Parker**, 50, has slipped into a pair of Jordache jeans as the new face of the iconic brand. Conceived in the 1970s, the sexy denim rose to fame in the '80s on its unisex cuts and stallion back-pocket logo. In addition to naming its newest spokesperson, the brand is now hoping to capitalize on its former success by launching The Jordache Look — a reimagining of the label's vintage styles for a modern audience: high-rise straight leg, slim-fit skinnies and frayed shorts in prices that range from \$89-\$149. These are not your mother's jeans!

# TOP MODELS' SKIN SECRETS

THE STUNNERS WHO MAKE A LIVING OFF THEIR FACES SPILL ON HOW THEY KEEP THEM FLAWLESS

## GISELE'S BLEMISH BUSTER

When you're number one on *Forbes'* list of the world's top-earning models, a bad breakout can be a major setback. So **Gisele Bündchen** makes sure she never has one. The beauty trick that's kept her complexion clear over the years? "I had a really horrible pimple on my nose, and a makeup artist gave me Nelsons Acne Gel," the Brazilian bombshell says. "I kept putting it on, and my pimple went away. It's great — and it doesn't burn your skin."

Pure & Clear Acne Treatment Gel, **Nelsons**, \$7.75; [walmart.com](http://walmart.com)

## LINDSAY'S EYE-OPENERS

"I am obsessed with Klorane Smoothing and Relaxing under-eye patches," gushes Victoria's Secret Angel **Lindsay Ellingson**. "I wear them while I do my makeup. They hydrate and eliminate dark circles, and as a bonus they catch any eye shadow that falls." The catwalker also names highlighter as a secret weapon — specifically, the "perfect, not shimmery or chalky" formula made by Wander Beauty, the company she cofounded. "Use it on the brow bone for an instant lift," she advises.

## HAILEY'S GLOW-GETTER

It Girl **Hailey Baldwin** runs with **Kendall Jenner** and **Gigi Hadid**, so you know her beauty game is on point. Whenever she's in New York City, she dashes to Skinney Medspa for a photo facial, which uses light technology to treat spots and discoloration. "It helps clear my skin and gives it a natural glow," Hailey says. "There's also a post-treatment product, Microdermabrasion In A Bottle, that I use between appointments to exfoliate. It keeps my skin looking great."

Microdermabrasion In A Bottle, **SKINNEY Medspa**, \$58; skinneymedspa.com

## CARA'S TIGHTENING TRICK

"I did a Venus Freeze Facial before Fashion Week; it tightens your skin and feels amazing," explains **Cara Delevingne**. The treatment, which is not nearly as scary as its name suggests, utilizes pulsed magnetic fields to reduce the appearance of wrinkles and to increase blood and oxygen flow, boosting the skin's natural radiance. When it comes to products, "I like to change it up so my skin doesn't get too used to one thing," she says. "But I'm really into SkinCeuticals Vitamin C Serum and Simple Cleansing Facial Wipes."

## HEIDI'S LEG PERFECTOR

Genetics account for the length of **Heidi Klum**'s legs, but when it comes to their smooth appearance — that's drugstore-bought. "When I wear short skirts, I mix Sally Hansen's Airbrush Legs with lotion in my hands and rub it into my legs," says the German model-turned-businesswoman

and TV personality, who's still a showstopper at 42. "It creates an even skin tone and hides little veins."

## MOVES OF THE WEEK

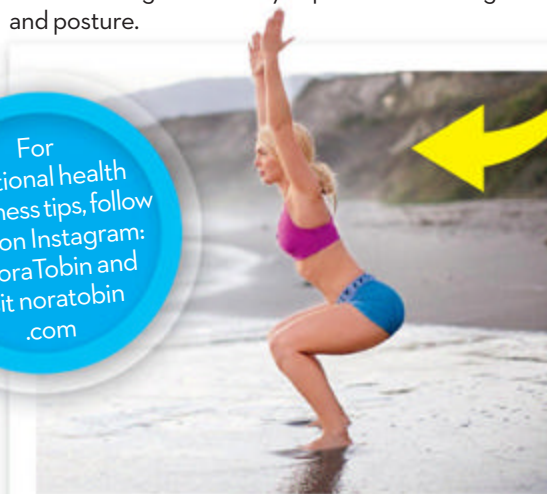

These sustained poses engage hip muscles, glutes and quads to target trouble zones like the inner and outer thighs. Plus they improve core strength and posture.

## SQUAT HOLD

**STEP 1:** Stand with feet hip-width apart. Extend arms up to frame the ears and draw shoulder blades together. Turn palms to face each other and relax the upper traps and shoulders.

**STEP 2:** Deeply bend both knees and shift hips back, bending until thighs are close to parallel with the ground. Keep knees behind toes, chest up and chin parallel to the ground. Avoid shrugging.

**STEP 3:** Hold for 30 seconds to one minute. Aim to complete three sets, resting in between.

## SECOND POSITION

**STEP 1:** Stand with feet wider than hip-width. Turn toes out and deeply bend both knees until thighs are close to parallel to the floor.

**STEP 2:** Extend arms up to frame the ears. Turn palms to face

each other, draw shoulder blades together and engage the core. Continue to press knees outward and keep chest lifted.

**STEP 3:** Hold for 30 seconds. Aim to complete three sets, resting in between.

## BODY BY ALESSANDRA

Supermodel Alessandra Ambrosio keeps herself in angelic shape with regular sessions of Pilates, Spinning and the Brazil Butt Lift.

NUTRITION TIP  
STAY HYDRATED

Playing sports, sipping cocktails or even just lying out in the summer sun can be incredibly dehydrating. And once you get dehydrated, it's hard to feel your best. In order to avoid negative effects like an unwelcome headache, stock up on refreshing coconut water to drink throughout the day. It replaces the electrolytes lost in the heat and gives the body a natural energy boost.

## WILLA FITZGERALD

STAR OF MTV'S SCREAM

OK! Q&A

Don't miss a new episode of *Scream*, Tues., July 14, at 10 PM ET on MTV.

Since she's starring as *Scream*'s resident good girl, Emma Duval, fans may think **Willa Fitzgerald** is poised to survive the series. But the real-life Yale grad is here to warn viewers not to get too attached. "The cast have no idea who is going to make it to the end," she tells OK!. "We only get scripts a few days before shooting, and the first thing we do is page through to see what happens." Read on as Willa shares more about the slasher show, her biggest fears and her life away from the camera.

### When did you first see *Scream*?

I watched all the movies after I was cast and fell in love with them. I loved how self-referential they were and how much they played on the tropes of the genre. Wes Craven really made an incredible franchise.

### Are you a big fan of horror movies?

I watched a lot of them in high school, especially alone at night! I was a bit of a thrill-seeker. My two favorites are *The Shining* and *Let the Right One In*.

### What's the best part about being on a horror TV show?

It is so fun to film scare sequences. They are highly technical and involve a lot of crazy camera rigging to capture all the running and chasing. It's also just fun to get messy. There's a lot of blood in this show!

### Do you relate to Emma at all?

Emma is a typical high schooler dealing with the difficulties of growing up, but that's set against the horrific reality that there's a killer murdering her friends and messaging her. She quickly gets overwhelmed by all the secrets and lies around her, and I think we've all had times when we weren't sure who to trust or what our next move should be.

### What's one thing fans of the show would be surprised to learn about you?

For the first two years of college, I actually planned to be a child psychologist.

### What frightens you in real life?

Definitely spiders!

You'll never see it coming

WHAT EVERYONE IS TALKING ABOUT RIGHT NOW

## CHRIS & KYLIE UNDERCOVER LOVERS?

Headed to paradise? Chris and Kylie were out in the early hours of the morning.

Trying to stay incognito: The pair stayed covered up, with Chris wearing a green hat and Kylie a black hooded jacket.

What does it take to come up with a whole album of weepy love songs? If you're **Chris Martin**, maybe it requires cozying up to a lot of different ladies. Fresh off a trip to the beach with ex-wife **Gwyneth Paltrow** and their kids for Father's Day, the 38-year-old Coldplay crooner was spotted walking around London arm in arm with another blonde beauty — but it wasn't 24-year-old love **Jennifer Lawrence**. Instead, fellow artist **Kylie Minogue**, 47, was the lucky lady taking a late-night stroll by his side. Though this is hardly their first get-together — Coldplay and the Australian pop star even recorded a song in the past — the pair looked extremely snuggly for a couple of colleagues. We look forward to the track that explains it all on Coldplay's next (and final, Chris has said!) album.

# KEEPING IT CLASSY

REAL HOUSEWIFE OF NEW YORK CITY **LUANN DE LESSEPS** TALKS ABOUT HER UPCOMING SINGLE AND MORE

**L**isten up! Viewers of *The Real Housewives of New York City* are familiar with whispers and screaming matches, but **Countess LuAnn de Lesseps** is bringing another sound — music! The reality star gave us the scoop on her third single, “Girl Code (Don’t Be So Uncool),” and her kooky costars.

**Your daughter Victoria is on the track. What was it like working with her?**

It was great. I mean, to have her in the booth and shaking her stuff to get into the character that she had to become. She’s a great singer.

**What is the Girl Code?**

The Girl Code is when somebody crosses the line with a girlfriend, when they do something like **Carole [Radziwill]**, who went on a date with my chef, who is going out with my niece. That’s breaking the Girl Code.

It caused a big rift. My niece was very upset. And Carole says in the show, “I don’t care what she thinks, and I don’t care what her niece thinks.” Well, you know what? You broke the Girl Code.

**Are you going to enlist your costars for the music video?**

Yes! Ideally, I’d like to have **Bethenny [Frankel]** and **Dorinda [Medley]** and maybe **Sonja [Morgan]**.

**You’re very good friends with Sonja. What are your thoughts on her boozing this season?**

She’s a great girl, and God knows she’s had her share of issues and heartaches. I don’t think she has ever gotten over the divorce, and I think that she loves to party and indulge, and sometimes she goes a little overboard — as we all do. I’m just hoping she’s going to work things out.

**MUSIC TO OUR EARS**

“I think people are going to really like it,” LuAnn said of her song.

## CELEB CRUSADERS

A-LISTERS TAKE ON CORPORATE AMERICA!

When Apple announced that artists wouldn’t be compensated during a free trial of its new streaming service, **Taylor Swift** voiced her disappointment, pointing out that new musicians can struggle financially. Apple execs took swift notice — and the policy was reversed!

After learning Costco’s egg supplier allegedly mistreats its chickens, **Ryan Gosling** called its practices “appalling” in an open letter to the firm. “You’re already eliminating cages for veal calves and pigs — don’t you feel chickens deserve the same mercy?” he asked. Ruffle those feathers, Ryan!

## REVEREND SNOOKI

GYM, TAN, OFFICIATE! THE STAR FINDS A NEW CALLING

Now, that’s something to check off the bucket list! **Nicole “Snooki” Polizzi** recently had the honor of officiating the wedding of her two close friends, **Bradley Moreland** and **Luis Miller**. The *Jersey Shore* star — who dubbed herself **Mama Reverend** — posted a few sweet shots from the ceremony and even used the **Periscope** app to live stream the event. “Just married my friends and I’m officially a dope reverend,” she declared. Though Nicole will be attending best friend

**Jenni “JWoww” Farley’s** Oct. 18 nuptials, there’s no word on whether her duties will extend beyond those of bridesmaid.

Nicole has called her pals “my loves.”
